## Listen!

## Friends

We are going to give you credit this spring on Machinery. We are very pleased to give you all credit on our Machinery but under existing circumstances your order will have to first be accepted by the Head Office. This will take at least three weeks in which to get a reply. We want you to co-operate with us in this proposition and leave your order with us far enough in advance so that we will be in a position to fully accommodate you, one and all.

### Blair Cup Anchored Here

Two rinks from Coronation came to Monitor, in quest of the Blair Cup, had a look at it, but failed to conquer.

On Saturday the Coronation Curlers sent down a rink, composed of Inman, Layeroff, Taylor, and Bonsall, skip. The local rink was Horsch, Deadmarsh, Thompson, and Hamer, skip. After a strenuous and close game Coronation rink was defeated 10-9, and left the silverware behind them.

Smugling under this defeat they decided to make a second try for the mug, so sent down another rink, with strict orders to deliver the goods. The players were Hamey, Calder, F. Dillon, and G. Dillon, skip. They met with the same result, going under to the tune of 18-9. The Monitor curlers were Larder, Gould, MacKenzie, and Dickson, skip.

Now that the curling season is practically over the Cup will no doubt remain here until next winter.

Earl and Bob were hauling a barrel of water last Sunday, but they told us not to say anything about it in the paper, so we are keeping it quiet.

The flu has made its appearance in town again, about nine cases having been reported.

There was a good turnout at the meeting held on Wednesday night, to discuss plans for the local sports day. As there were no women present it was thought best to call another meeting so that the fair sex could have a say, and, incidentally, provide a little something to eat. Motion carried unanimously.

Regular monthly meeting of the Monitor Branch, G. W. V. A. will be held on Saturday April 5th, at 8 p. m., in the Hotel Reception Room.

All members earnestly requested to attend.

All returned soldiers in the district are invited

L. R. Beebe received the sad news on Monday of his mother's death, which occurred in New Jersey on March 24th.

The late Mrs. S. S. Beebe, who was in her 68th year, was well and favorably known in this district, having been a resident of Monitor for several years, moving here in the early stages of the town. Mrs. Beebe took a lively interest in local events and was a great worker in the Church and Sunday School.

The sympathy of their many friends is extended to the sorrowing family.

## BUSY BIDEFORD

Our little burg has been welcoming the wanderers home this week. Its a sure sign that Spring is here when the boys and the birds arrive, the former doffing the city dress for the workmanlike overalls, and the latter changing their feathers from snow-white to brown. The clerk of the weather graciously sent a glorious spring day, March 21st, as the herald of the coming season, and certain small boys, rejoicing in the mild breezes, shed their winter coats and went bounding and whooping to school like young colts let loose.

Welcome back to Eric Brookman, Ole Rickstadt and Petersen. We understand they have been away in the States but all seemed pleased to be back again in Busy B.

The W. Institute delegates report an excellent time at the Calgary Conference. The lecturers were of the highest type, their subjects ranged all over human life, and the audiences were appreciative and intelligently critical. Miss Isobel Noble of Daysland was the presiding genius. Amongst the speakers were Mrs. Murphy the Edmonton Judge, better known as "Jancy Canuck", Mrs. Ralph Smith, M. L. A., of Vancouver, Mrs. Haunington, Ottawa, Supt. Victorian Order of Nurses, and Mrs. Nellie McClung, who lectured to a crowded house on "Reconstruction and women's part in it. Some of the "mere men" who took part were the Hons D. Marshall and W. G. MacKay, Dr. Scott and Mayor Marshall of Calgary.

An enjoyable feature of the Conference was the reception given to the out-of-town delegates, in the Pulliser Hotel, by the city of Calgary, at the instigation of the local council of women. It was a delightful informal gathering when many new and old friends met. The hospitality was so graciously given and received that the Pulliser evening will long be a pleasant memory in many minds. Excellent music and of course tea and talking.

We hear the Government telephone is coming, linking us up with life in the great centres.

The Newsman will be glad to hear any interesting news items from readers for the next issue. Drop a paragraph addressed to The Newsman, Bideford, and it will reach us. Your name will not necessarily appear, all we want is news and lots of it.

We hear the Bideford delegates thoroughly enjoyed the motion play "Little Women" at the Allen Theatre, when the W. I. were the guests of Mr. Price. This charming old fashioned story is known by all and few there were who saw the death of little Beth with dry eyes. Jo was as fascinating on the screen as on the page and provided us with hearty laughter.

The Stork is doing a driving business this year, and we hasten to congratulate the happy parents on the arrival of little Johnnie Bothares. We are sure Alice will make a charming little mother, and we know young Master John will be the

very best thing in babies Bideford has ever seen.

We felt sadly homesick in Calgary on receiving a bunch of daffodils, reminding us of certain woodland nooks in the old land where the ground is carpeted with the loveliest wild flowers of spring—snowdrops, daffs and primroses. The stanza of old Robert Herrick, written three hundred years ago, came to our minds and we pass it on to lovers of lilies.

Fair daffodils, we weep to see  
You haste away so soon  
As yet the early rising sun  
Has not attained his noon.  
Stay, Stay, until the hastening day  
Has run but to the even-song,  
And having played together, we  
Will go with you along.

We have short time to stay as you  
We have as short a spring  
As quick a growth to meet decay  
As you or any thing,  
We die, as your hours do; and dry  
away

Like to the summer rain,  
Or as the pearls of morning dew  
Ne'er to be found again.

## Whitton

Arthur McDonald returned on Tuesday after a lengthy visit in Quebec.

Mrs. W. H. Miller, Vegreville, has been visiting her parents, Mr. and Mrs. J. R. McAulay.

A deep gloom was cast over this community when it became known that two of our young men had succumbed to the flu.

John McLeod, aged 19 years, whose parents reside at Springhill, Que., passed away on Monday morning after a few days sickness. He came to this district last Spring.

John Campbell, aged 28 years, third son of Mrs. and Mrs. Alex Campbell, passed away on Tuesday morning, at his parents' home.

Both these young men had just returned from Tanglefoot, B. C., where they had spent the

winter months.

The sympathy of the entire community is extended to the sorrowing relatives.

In This District  
Should Read The  
Nor'-West Farmer**

**Western Canada's Oldest Farm Paper**

If you are already a subscriber you will want to renew your subscription for another year, and if you are not a subscriber to it you ought to be. No farmer in these days of high prices and labor shortage can afford to do anything but his very best. Through a good farm paper you will get ideas worth many times the small subscription price. Each issue of The Nor-West Farmer is full of valuable information that any up-to-date farmer can use to his own direct advantage. It is edited for the whole farm family. If any reader wants information on any subject relating to either their farm problems or anything else, The Nor-West Farmer's information bureau will get that information for them. Their official veterinarian and legal adviser is at the service of every subscriber, free of all charge. If you have a weed problem, a soil drifting problem, a feed problem, tractor, automobile, or gas engine trouble of any kind, read The Nor-West Farmer, and you will soon get a wealth of ideas from the experience of other farmers who have experienced and solved similar difficulties. The Nor-West Farmer is a "round-table," around which the best farmers of Western Canada meet. Will you be one of them?

## Note and Comment

Now that spring is with us  
once more our thoughts are  
turning to outdoor pleasures,  
and on every hand you can hear  
our owners, and those who still  
ride behind the horse, discussing  
the vital question of good roads.

A short ride in a car will do  
a great deal in convincing one  
that in the building of culverts  
and bridges there is an ap-  
parent carelessness in this work  
when plank bridges are built  
to eight inches above the  
grade of the road, and culverts  
put in without any earth cover-  
ing to protect them. While all  
bridges or culverts are not in  
this class, there are far too  
many of them in this country.

The fine weather is bringing  
the wanderers back to the fold,  
and getting them ready for the  
big spring drive, which we hope  
will result in a bounteous har-  
vest. Practically every train  
bears its quota of those who  
have been "outside" for the  
winter, and all are ready and  
anxious to get started on the  
land.

A good fall of snow would be  
a great benefit to the country  
in providing enough moisture  
to carry the crops over until  
the season of rains reaches to  
this part of the globe. Every  
thing points to a later Spring,  
this year, but a few more fine  
days will soon make an end of  
the snow.

A boat like the *Dalhousie City* provides one of the hard-  
est tests a white lead can be subjected to, because it is  
continually in a moisture laden atmosphere.

The letter reproduced below is conclusive evidence of the  
superior covering capacity of

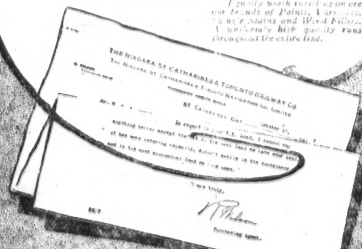

**BRANDRAM'S GENUINE  
B. B. WHITE LEAD**

In former years the *Niagara, St. Catharines* and *Toronto*  
Ry. Co. used a ton of ordinary white lead to cover the  
Steamer *Dalhousie City*. This year they used Brandram's  
B. B. with the result that only 1,500 lbs. was required.

The other qualities of this white lead are equally outstanding.  
In brilliancy and in durability it is unequalled. It takes the paint, and makes  
a rough electric film that will not crack or peel off in winter weather  
or in cold. Though slightly higher in price it is better value.

Do not just ask for Brandram's B. B. — insist on it.
